INFORMATION FOR POSTMASTERS

(1) **Changing of Date-Stamp.**—The attention of Postmasters is directed to the necessity of changing their office date-stamp at the beginning of the new calendar year to read "1941".

(2) **Free Redirection of Parcels for Members of His Majesty's Forces in Canada.**—Postmasters are informed that any parcel originating in or outside of Canada, addressed to a member of His Majesty's Army, Navy or Air Force, may be redirected to any place in Canada without charge.

(3) **Treatment of Undeliverable "Request" Letters.**—Complaints have been received from various business firms that in many cases undeliverable letters bearing their address and a request for return after a certain number of days, are being held by Postmasters longer than the time specified, resulting in some instances in considerable inconvenience and expense to them.

Postmasters are instructed, therefore, to see that these undeliverable "Request" letters are treated strictly in accordance with the regulations outlined in Section 12 (c) of the Postal Guide, that is, returned to the sender promptly on expiration of the period specified in the request.

(4) **Similarity in Post Office Names.**—The attention of Postmasters and Railway Mail Clerks is directed to the similarity in the names of the following Post Offices:

Mutton Bay, Que. Sutton Bay, Ont.

Particular care should be exercised in the sorting of mail for these offices.

(5) New Regulations regarding War Savings Certificates.—Postmasters are instructed that beginning with the calendar year 1941, no person may hold, or have any interest in, War Savings Certificates dated in any one calendar year to a total maturity value exceeding $600. Consequently the total cash payments that may be accepted with applications by Postmasters from one person during a calendar year must not exceed $480.

Investments by churches are exempt from this regulation under certain conditions, but must be submitted by the church and approved by the War Savings Committee before applications with a maturity value exceeding $600 may be accepted by Postmasters.

These regulations are authorized by Order in Council P.C. 4713, dated the 13th September, 1940, and Minutes of a meeting of the Committee of the Privy Council dated the 26th October, 1940.

(6) Instructions regarding Applications for War Savings Certificates.—Several cases have arisen where Postmasters have neglected to forward promptly to the War Savings Committee, Ottawa, applications for War Savings Certificates received from patrons. This causes unnecessary correspondence between the applicants and the War Savings Committee as well as the Post Office Department, and Postmasters are instructed that all applications received must be despatched to the War Savings Committee, Ottawa, without undue delay, having regard to the frequency of mail service.

(7) Postal Personnel Promote War Savings Campaign.—Postmaster Charles E. Steward, Davidson, Sask., arranged a dance at which $114 worth of War Savings Stamps were sold and 228 War Savings Certificate application forms were started. Price of admission was 50 cents, for which each participant received two War Savings Stamps., Mr. W. J. Motherwell, District Director of Postal Services, Moose Jaw, Sask., reports that War Savings Stamps were given as prizes at the commencement exercises at the Davidson school, and teachers there are also selling them to pupils on the instalment plan. Mr. Steward's office has sold $425 in War Savings Stamps over the past five months.

Postmaster J. G. Taylor, Orkney, Sask., has asked local organizations to give War Savings Stamps as prizes during their winter card parties. Mr. Taylor recently helped organize a carnival which raised $550 for a Bren gun for the Canadian Army.

A letter of appreciation for the War Savings promotional work of New Brunswick postal employees was received by Mr. E. R. Ingraham, District Director of Postal Services, Saint John, N.B., from the Chairman of the Provincial War Savings Committee.

(8) Air Mail Services to Europe.—Postmasters are reminded that the only European countries for which air mail correspondence can be accepted are Gibraltar, Portugal, Spain, Switzerland, Vatican City State and unoccupied France.

Correspondence for Switzerland and the Vatican City State is liable to censorship by the enemy and senders should be recommended to exercise the utmost discretion as to what they send or write.

(9) Mail Service to Greenland Suspended.—All mail service to Greenland is suspended until further notice.

(10) Parcels of Silver and Black Fox Pelts addressed to Places outside Canada.—The Dominion Department of Agriculture advises that the Livestock and Livestock Products Act, 1939, prohibits the exportation of standard silver and black fox pelts unless such pelts have been graded and individually tagged in accordance with the provisions of the above mentioned Act.

Postmasters will please note, therefore, that parcels addressed for delivery outside Canada, containing silver and black fox pelts, are not to be accepted for mailing unless the sender produces a certificate of grading issued by a fur-grading Inspector of the Dominion Department of Agriculture, covering the shipment.

Correspondence for Switzerland and the Vatican City State is liable to censorship by the enemy and senders should be recommended to exercise the utmost discretion as to what they send or write.

Correspondence may still be sent by air mail to the United Kingdom.

(5) Requirements, Governing the Mailing of Parcels of Furs.—The Department is informed that some Postmasters are accepting parcels containing furs which are not prepared in accordance with the Postal Regulations.

Postmasters are reminded, therefore, that, as stated in Section 199, Page 50, of the 1940–41 Postal Guide, no parcel containing furs is to be accepted for mailing unless the cover of the parcel bears a full and accurate description of the contents, together with the name and address of the sender.

During the closed season, which varies in the different Provinces, persons wishing to mail parcels of furs must, in addition to endorsing the cover of the parcel as outlined above, produce a permit from the Game Warden covering the shipment.

Postmasters will please see, therefore, that, in future, in the case of any packages of furs presented for mailing at their offices, the above conditions are fully complied with, otherwise such parcels are not to be accepted for mailing.

(6) Re-Arrangement of Money Order Commissions Effective 1st December, 1940.—Postmasters are informed that the following re-arrangement of schedules of Money Order Commissions were put into effect on the 1st December, 1940.

The Commission and Revenue Tax on Money Orders issued in Canada for payment in Canada are as follows:

—	Commission	Revenue Tax	Total Charge

" 20.01 " 40.00 "	15	3	18
" 40.01 " 60.00 "	18	3	21
" 60.01 " 80.00 "	20	3	23
" 80.01 " 100.00 "	24	3	27

(7) Non-Accounting Postmasters to exercise care in collecting correct Money Order fee for C.O.D. charges.—Postmasters at Non-Accounting offices, when remitting C.O.D. charges are requested to exercise particular care in seeing that the correct Money Order fee (as set forth in the schedule in the preceding notice) is collected from the addressee and included in the envelope containing the C.O.D. collection.

(8) Postal Notes will be Accepted if Payee's Signature or Endorsements are on Reverse of Notes.—Postmasters are informed that if payees receipt or endorse Postal Notes on the reverse of the Note instead of on the line on the face of the Note reserved for the payee's signature, the Department will accept such endorsements as quittance for the amount disbursed.

The regulations governing the identification and the recording of the nature of the identification enacted on the reverse of Notes when payees are unknown must be carefully observed whether endorsements are obtained on the face or on the reverse of Notes.

(9) $120,000,000 War Savings Drive.—Two million people pledged to the regular purchase of War Savings Certificates in 1941. This is a big undertaking, but it is something that can be achieved if we will all tackle the job with determination and vigour.

"We must show the enemy that we can do more by voluntary effort than he can by compulsion" said Hon. Mr. Ilsley, Minister of Finance.

During February, 1941, a special campaign will be launched by the War Savings Committee with an objective of $120,000,000 (cash value) for the year 1941. The attainment of this amount is possible through the 100% support of all Canadian people. It requires a serious approach; it requires an aggressive approach; it requires a willingness to sacrifice in terms of both money and effort.

The first step in securing the money total is to get people undertaking to save week in and week out, month in and month out. Therefore, the objective during February is going to be to get as many regular War Savers as it is possible to secure. The attainment of this objective will have the advantage of building up the continuing organizations that are essential to the success of War Savings.

Ever since the inception of the War Savings Campaign, the Canadian Postal Serivce has been one of the greatest media for the sale of War Savings Stamps and War Savings Certificates. The new campaign presents a challenge to every Postal Employee to redouble his efforts.

Our job on the financial front must be handled in such a way that none of our splendid arms of defence in air, on land and on sea will suffer because we have failed to do our part.

Invite your patrons to "Sign Up For The Duration" as regular War Savers.

Publicity Posters to aid the sale of War Savings Certificates will be supplied from time to time for display purposes.

(10) **Collection of Deficient Postage—Postage Due Stamps.**—Before an unpaid or insufficiently prepaid article is delivered, the amount due thereon must be collected from the person to whom delivery is made, and postage due stamps to the same amount must then be attached to the article and cancelled.

Unpaid or insufficiently prepaid letters or other articles must not be placed in lock or call boxes rented to the public, but a card should be placed in the box notifying the addressees that such an article has been received and will be delivered at the wicket on payment of the amount due. This card (No. 33) may be obtained on requisition.

An adequate supply of postage due stamps can be had upon requisition in the usual way and must always be kept on hand. See Section 234, page 56, of the Canada Official Postal Guide.

(11) **Similarity in Post Office Names.**—The Postmistress at Meteor, Sask., advises that she frequently receives mail matter which is intended for delivery at Meetoos, Sask., a non-post office point.

It is understood that residents of Meetoos Sask., receive their mail at the Neeb, Sask., Post Office and Postmasters and Railway Mail Clerks will please see, therefore, that mail for Meetoos is sent to Neeb, Sask.

(12) **Changes and Corrections in the Canada Official Postal Guide 1940-41.**—The new edition of the Canadian Official Postal Guide is now being issued. On receipt, Postmasters are requested to amend the following printer's errors and make the following changes in their working copies.

Appropriate notes should also be made opposite the relative entry in the Guide where any of the Services have been suspended.

(13) Prohibited Exports—Fish Livers and Oils.—With reference to the notice "Prohibited Exports" appearing in the August, 1940, Supplement to the Postal Guide, in regard to the exportation of fish livers and fish oils, Postmasters are informed that the Department of National Revenue advise that the regulations have been amended to provide that casual exportations not exceeding $5.00 in value in any one shipment may be permitted without a licence or permit approved by or on behalf of the Wartime Prices and Trade Board.

(14) Prohibited Exports—Concentrated Milk Products.—Postmasters are advised that on and after the 1st March, 1941, no company or individual may export concentrated milk products outside of Canada without permission from the Dairy Products Board.

For the purposes of this order, concentrated milk products shall mean and include condensed (sweetened) or evaporated (unsweetened) whole milk or skim-milk; dried cream, whole milk, skim-milk or buttermilk.

All applications for permission to export concentrated milk products should be on Foreign Exchange Control Board Form B. All applications in quintuplicate must be forwarded to the Dairy Products Board, Ottawa.

Concentrated milk products shipped to the United Kingdom by exporters under instruction by the Dairy Products Board are not included in this order.

(15) Mail for H.M. Forces in the Middle East.—As a result of negotiations entered into by the Postmaster General with the British Postal Authorities an agreement has been reached under which parcels for members of H.M. Forces serving in the Middle East (Egypt, Palestine, Greece, etc.) may now be accepted at the rate of 12 cents for each pound or fraction thereof.

The limit of weight for parcels prepaid at this rate will be 11 pounds.

In this connection it should be noted that the following special posting arrangements now apply to correspondence and parcels for members of His Majesty's Army and Royal Air Force serving in the Middle East:

METHOD OF ADDRESS:

Correspondence and parcels should be addressed as follows: Army or Air Force Number, Rank, Name, Squadron, Battery, company, or other section of the unit; Army or Air Force Unit (including in the latter case the letters "R.A.F.") followed by the designation "Middle East Force".

The address must not contain the name of any place or country of destination.

Example: 12345, Private John Brown,
A Company,
2nd Battalion,
Blankshire Regiment,
Middle East Force.

POSTAGE RATES:

Letters—3 cents first oz., 2 cents each oz. after.
Newspapers—1 cent per 4 oz.
Printed Matter—1 cent per 2 oz.
Parcel Post—12 cents per lb., up to 11 lb.

LETTERS:

No advice of delivery by means of A.R. forms can be obtained.
The sender's name and address must be shown on the outside of all letters.

PARCELS:

Parcels containing comforts will generally be delivered free of local Customs duty but duty is charged on parcels containing tobacco or cigarettes sent to Troops serving in Egypt (English brands can be bought in the N.A.A.F.I. Canteens at favourable prices).
Customs Declarations should be affixed to all parcels.

Particular attention is directed to the importance of the sender's directions as regards disposal in case of non-delivery. If the sender has no particular alternative address in mind, Postmasters might suggest that directions be given for the parcels to be

1. Delivered to Officer Commanding addressee's unit.
2. Abandoned.

PACKING OF PARCELS:

Parcels which are inadequately packed run great risk of damage or loss of contents. Thin cardboard boxes, such as shoe boxes, and thin wooden boxes should not be used; nor does a single sheet of ordinary brown paper afford a sufficient protection. Cylindrical tin boxes are very liable to damage.

The following forms of packing are recommended:

1. Strong double cardboard boxes, preferably those made of corrugated cardboard, and having lids which completely enclose the sides of the box.
2. Strong wooden boxes.

Additional security is afforded by an outer covering of linen, calico or canvas, which should be securely sewn up.

Foodstuffs such as cakes, biscuits, fruit, etc., which are liable to deterioration should not be sent unless enclosed in air-tight receptacles. Further, honey, jams and similar semi-liquids must be packed in tins with lids and joints well soldered down, and anything likely to become soft or sticky, such as chocolate or sweets, must be packed in tins with well-fitting lids.

The address should preferably be written in bold letters in ink or indelible pencil on the parcel itself.

(16) Direct Parcel Post Service to Hong Kong Temporarily Suspended.—Postmasters are informed that the direct parcel post service to Hong Kong has been temporarily suspended.

Parcels for Hong Kong may be accepted for transmission via the United States. Such parcels should be legibly marked "Via U.S.A." and FORWARDED TO VANCOUVER to be included in the parcel mails which will be made up by that office to be forwarded via San Francisco or Seattle, as opportunity offers.

The rate of postage for parcels forwarded via the United States will be 25 cents for each pound or fraction thereof up to 10 lb., for parcels over 10 lb. up to 15 lb., the rate will be $3.25 per parcel.

The limit of weight will be 15 pounds.

The regulations as to packing, Customs declarations, prohibited articles, etc., will be the same as those which have hitherto applied to parcels despatched via Vancouver.

(18) Reduced Parcel Post Rates for the Troops Overseas.—Attention is directed particularly to the fact that, with a present extension of the privilege to include members of Polish and de Gaulle forces serving with British forces in the United Kingdom, the special reduced rate of 12 cents per pound (Limit 11 lb.) now applies to parcels addressed to the following:

Members of British, Canadian, Dominion or other Colonial Troops serving in the United Kingdom.
Members of the official Auxiliary Services, such as the Women's Auxiliary Territorial Services and the Women's Auxiliary Air Forces.
Members of the Forces of General de Gaulle serving with British Forces in the United Kingdom.
Members of Polish Forces serving with British Forces in the United Kingdom.
Members of other Forces serving with British Forces in the United Kingdom.
Members of the C.A.S.F., on duty in the West Indies. (Limit 20 lb.)
Members of the C.A.S.F., on duty in Iceland.
Members of H.M. Forces in the Middle East.
Parcels for H.M. Ships and H.M.C. Ships abroad.
The rate on parcels to members of the C.A.S.F. on duty in Newfoundland is 10c. per pound (Limit 20 lb.)

NOTE.—Nurses attached to units of these Forces are classed in the same category as soldiers, for Postal purposes, and parcels addressed to them would be entitled to the 12c. rate.

(19) Parcels for Members of Canadian Troops Overseas Disposal Instructions.—Attention is directed to the fact that the Customs Declarations accompanying a large proportion of the parcels mailed in Canada for members of the Troops Overseas are not properly completed.

Postmasters are requested to endeavour wherever possible to see that parcels for members of the forces Overseas are:

(1) Completely and correctly addressed.
(2) Provided with the necessary Customs Declaration completely filled in.

The entries for the instructions of the sender for disposal in case of failure of delivery to the addressee are frequently ignored entirely.

From time to time parcels do fail of delivery for one reason or another and an alternative address helps in disposing of the parcel.

The absence of such instructions is not to be taken as sufficient grounds for the refusal to forward a parcel, but every step should be taken to see that parcels are furnished with Customs Declarations and that the alternative address is filled in.

If the sender has no particular alternative address in mind, the Postmaster may suggest that directions be given for the parcel to be—

(1) delivered to Officer Commanding addressee's unit.
(2) abandoned.

Co-operation in this respect by all concerned will be appreciated.

(20) Gifts for Canadian Troops in Jamaica Admitted Duty Free.—Advice has been received that gifts for members of the Canadian Army stationed in Jamaica are admitted into Jamaica duty free.

(21) Parcel Post Rates to Other Countries.—Postmasters will find hereunder a Table of Parcel Post Rates from Canada to other Countries with changes which should be noted in their Postal Guide.

** Stop to be made only when operating conditions permit.

‡ The carrier is exempt from the requirement to return from Lisbon via Horta and Bermuda, under which exemption return flights may be made from Lisbon via Bolama, Port of Spain and San Juan, until May 1, 1941.

It will be observed that the flights are now scheduled to leave New York, each Wednesday and Saturday, also that planes will stop at Horta, Azores, only when operating conditions permit, and return flights from Lisbon may be made via Bolama, Port of Spain and San Juan until May 1, 1941.

NOTE.—Attention is particularly directed to the fact that although this schedule calls for two trips per week, weather conditions have recently made frequent postponements in departure dates necessary. These conditions may obtain for some time and it is considered desirable to inform patrons considering the use of the trans-Atlantic air mail service of the possibility of delay on this account.

(2) **Rate of Handwritten or Typewritten Communications** —Complaints have been received by the Department from business firms respecting postage due charges on unsealed letters received by them. The senders of such letters are apparently under the impression that if the envelopes are not sealed, only 1c. postage is required, with the result that the letters are rated double the deficient postage which the addressees must pay.

Postmasters are, therefore, requested to take every available opportunity of advising patrons of their offices that handwritten or typewritten communications are liable to the letter rates of postage regardless of whether they are enclosed in sealed or open envelopes.

(3) **Indistinct Impressions of Registration Stamp and Illegible Numbering on Registered Mail** —Complaints have been received that difficulty is being experienced in connection with the impressions of the "Registration No." (R. No.) rubber stamp, particularly on bulky letters or registered articles in the form of parcels.

Sometimes the impression of the stamp is so faint that the place of origin cannot be determined. A further source of trouble has been impressions which were placed over the address or which contained confusing, illegible or smeared figures.

These difficulties have been particularly troublesome in connection with registered items intended for members of the Armed Forces Overseas.

Delivery of mail to shifting and changing bodies of troops overseas is difficult under the best circumstances without the addition of preventable handicaps.

Postmasters are therefore requested to see that all impressions of the "Registration No." (R. No.) rubber stamp are clear and distinct and that the number itself is written in such a way that it is absolutely impossible to mistake it for another number.

(4) Change in Addressing Mail for Troops Overseas and Canada.—Owing to the recently authorized change in the title of the military forces of Canada, the designation "Canadian Army" will now be used instead of "Canadian Active Service Force (C.A.S.F.)". Mails for soldiers on active service should, therefore, now be addressed as follows:—

MAIL FOR DELIVERY OVERSEAS

The designation "C.A.S.F., c/o Base Post Office, Canada" is to be omitted and the words "Canadian Army Overseas" substituted therefor, as follows:—

Regimental No., rank and name.
Name and details of Unit (i.e., Company or Section, Squadron, Battery, Holding Unit, etc.)
Name of Regiment or Branch of Service.
Canadian Army Overseas.

For example:

K–52937, Pte. John Blank,
"B" Company,
Seaforth Highlanders of Canada,
Canadian Army Overseas.

B–12345, Cpl. A. J. Jones,
1st Anti-Tank Regiment,
Royal Canadian Artillery,
Canadian Army Overseas.

M–64321, Sigmn. John Smith,
No. 3 Company, 2nd Div. Signals,
Royal Canadian Corps of Signals,
Canadian Army Overseas.

NOTE.—If a soldier is overseas **the word "Overseas" must appear in the address, but no place name.**

MAIL FOR DELIVERY IN CANADA

The usual complete particulars—regimental number, rank and name, name and details of unit and name of regiment or branch of service, and, in addition, the **Post Office name of the place in Canada where the soldier is stationed, must be given.**

For example:

C–13962, Pte. Joseph Wood,
No. 7 Field Hygiene Section,
Royal Canadian Army Medical Corps,
Debert F.P.O., N.S.

G–12345, Gnr. John Jones,
15th Heavy Battery,
Royal Canadian Artillery,
Saint John, N.B.

NOTE.—If a soldier is in Canada, **the name of the place at which he is stationed must appear in the address.**

The regimental numbers and names given in the examples are, of course fictitious and are merely used to illustrate the correct method of addressing mail.

Until such time as the new method of addressing becomes generally known, mail bearing the designation "C.A.S.F." will as heretofore be despatched to destinations, but the public should immediately adopt the new method when addressing letters, parcels and other mail to members of the Canadian Army, either Overseas or stationed in Canada.

(5) Correct Addressing —On numerous occasions attention has been called to the number of articles going to the Dead Letter Office on account of insufficient addressing, non-payment of postage, etc.

One of the greatest sources of faulty addressing is the use of inaccurate mailing lists and every business man should keep constantly before his clerks the slogan:

"Keep your mailing lists up to date".

This is essential not only to prevent waste, but also because of the effect on the addressee of receiving carelessly addressed or otherwise badly prepared pieces of mail. Experienced business men agree that the mailing list is a fundamental of success in any distribution of printed matter by mail. Without an accurate mailing list, an advertising campaign cannot be efficiently conducted. Particular care should be taken to see that the name is correctly spelled, that the full Christian name or initials are used and that no attempt is made to economize in addressing by leaving off any portion of the address. This is a false economy because the effect on the prospective customer of faulty spelling of a name or other indication of slip-shod methods is sure to be anything but favourable. If an article is worth mailing it is worth receiving the best of attention in the way of full address, etc. If the addressing is done by a firm's own employees, the management should see that the lists are kept up to date and that every piece of mail is checked before despatch; if the mailing is undertaken by firms engaged in handling mailing campaigns, then the advertiser should see that his work is given to a reliable concern and not merely to one which quotes the lowest price for addressing. A loss of one or two prospective customers will usually more than off-set any slight saving which might be effected by taking inferior work.

Postmasters should bring the above to the particular attention of firms engaged in the preparation of their mailing lists and in this connection it may be pointed out that Post Office rural directories will be of valuable assistance in such work. These directories contain the names and occupations of householders and roomers receiving mail at Post Offices and on rural routes, excluding offices covered by private directories. They are prepared according to geographical units known as Electoral Districts and are sold at $1.25 each. In this way there is considerable advantage to firms who wish to make geographical separations or restricted mailings within well-defined areas. Business men will find these directories not only a complete mailing list in themselves, but very valuable for use in correcting existing ones.

(6) Enlist in Army of Canada's War Savers —Every member of the Postal Service is called on to enlist in the Army of Two Million Canadians, signed up as "Regular War Savers", to purchase War Savings Certificates—not once, twice or intermittently, but systematically, out of every pay cheque from now until the war is won.

We have a part to play in a tremendous task. It is planned by the Government to raise as the objective of 1941 from War Savings Certificates the sum of $120,000,000—$10,000,000 every month subscribed from the earnings of Canadians—to defray Canada's war effort.

The War Savings Committee at Ottawa has organized strong local committees throughout the country who are undertaking to pledge 2,000,000 persons in Canada to become regular War Savers.

Postmasters can promote this campaign by giving personal leadership, by encouraging their staffs to pledge themselves to the regular purchase of War Savings Certificates, and by keeping them conversant with all details on the operation of War Savings.

There is urgent need that every source of income in Canada be tapped to meet the immense costs of providing the guns, planes, and material to defend the Canadian way of life, which is at stake. The purchase of War Savings Certificates is the answer.

Remember,—the money invested in War Savings Certificates is a loan bearing interest at 3 per cent, compounded half-yearly and repayable in 7½ years. Investment in War Savings Certificates builds up a nest egg to provide for the days after the war, and curbs money from being spent on useless non-essentials, and directs it into channels where it is most needed and can do most good.

Invite your patrons to follow your example and "Sign Up For The Duration" as War Savers.

(7) Soldiers' Mail.—Mail addressed "Canadian Army Overseas" is to be forwarded to the Base Post Office, Canada, in the same way as mail heretofore addressed "C.A.S.F., c/o Base Post Office, Canada".

(8) Special Handling of Shipments of Eggs.—The attention of Postmasters is directed to the following section quoted from Page 33 of the Postal Guide in regard to the mailing of shipments of eggs by parcel post:—

"As the safe transmission of eggs is a matter of some difficulty shippers are advised to adopt the following method of packing:—Use a wooden, papier mache, or other box of a rigid material with a well-fitting tightly adjusted lid, wrap each egg separately in newspaper or other protecting material, place the eggs on end and fill up the vacant spaces in the box with newspaper or other packing materials so as to prevent the eggs from striking together or against the sides, top or bottom of the box; mark the parcel EGGS".

It is requested that Postmasters as far as possible have care taken to see that shipments of eggs presented for mailing are prepared in the manner described above, and that one of the labels—"EGGS—HANDLE WITH GREAT CARE" is affixed to the parcel.

Fragile parcels of this nature are to be despatched in "fragile" bags and all postal employees should again be reminded not to handle roughly fragile parcels or bags containing fragile parcels.

In piling, loading or unloading mail "fragile" bags should be kept on top.

(9) Corrections in Canada Official Postal Guide.—Postmasters are requested to note the following changes which should be made in their copy of the 1940-41 Postal Guide:

Page 233—c Carlton Street should read h Carlton Street.

(10) Rates of Postage on Letters and Postcards from Other Countries.—Postmasters are advised that the rates of postage on letters and postcards from the following countries are as follows:

——	1st Weight	2nd Weight	Postcards
Ceylon	20 cents	10 cents	12 cents.
Fiji	2½ pence	1 penny	1 penny.
Greenland	40 ore	25 ore	25 ore.
India	3½ annas	2 annas	2 annas.
New Zealand	1½ pence each ½ oz.		1 penny.
Palestine	15 mils	10 mils	10 mils.
Tunis	2 fr. 50	1 fr. 50	1 fr. 50.

The above is to be substituted for the corresponding entries in the list of rates of postage from foreign countries, Page 82 of the 1940-41 Postal Guide.

Surcharges should be collected according to Post Office markings.

(11) Japan—Import Permits.—The Postal Administration of Japan has advised that articles intended for Japan cannot be imported unless the addressee obtained a permit from that Government. In case the addressee fails to produce the permit for a parcel addressed to him within a month after its arrival, it is treated as undeliverable.

This regulation applies both to gift and commercial shipments.

Parcels must be marked by the senders to indicate that the addressees have obtained the necessary permit.

Postmasters are requested to make the necessary amendment to the entry—Japan, on page 135 under "Parcel Post Observations".

(12) Colombia—Import Permits.—The Postal Administration of Colombia advises that an import licence issued by the Exchange and Export Control Board, Colombia, covering the contents in detail must be produced by the addressees in connection with all goods entering Colombia by mail before delivery will be permitted.

Postmasters are requested to insert this information at Colombia, Page 102 of the Official Postal Guide, as observations under Letter Post, and Page 103 under Parcel Post.

(13) Mail Service to Greenland Resumed.—All classes of mail matter may be accepted again for Greenland for despatch at the first available opportunity.

Parcel Post cannot be insured.

Montreal will be the despatching exchange office and all mail for Greenland should be forwarded to "Montreal British and Foreign" to be included in the mails made up by the Montreal Office.

This service has been suspended for some time owing to the lack of steamship sailings. The date of the first sailing resuming the service is not available at present but it is not thought that this will be delayed much longer, and, therefore, mail will be accepted and held at Montreal for despatch at the first opportunity.

(14) Extension of 12c. Rate on Parcels for H.M. Forces Overseas.—As a result of negotiations with the British Postal Administration, arrangements have been made under which the special reduced rate of 12 cents per pound for members of H.M. Forces in the Middle East announced in the Post Office Weekly Bulletin of the 11th January has been extended to include parcels for members of H.M. Forces on service in other places outside the United Kingdom.

The special reduced rate of 12 cents per pound now applies to the following:

(Limit of weight 11 pounds.)

Members of the British, Canadian, Dominion and other Colonial Troops serving in the United Kingdom.

Members of the official Auxiliary Services in the United Kingdom.

Members of the Forces of General de Gaulle serving with British Forces in the United Kingdom.

NOTE.—Nurses attached to Units of these Forces are classed in the same category as soldiers, for Postal purposes, and parcels addressed to them would be entitled to the 12c. rate. The rate on parcels to members of the Canadian Army on duty in Newfoundland is 10c. per pound. (Limit 20 lb.)

INFORMATION FOR POSTMASTERS

(1) Air Mail Rates on Soldiers' Mail.—The attention of Postmasters is directed to the fact that an average of about thirty-five short-paid air mail letters are received daily at the Base Post Office for transmission to soldiers Overseas or in Jamaica. In view of the considerable loss in revenue to the Department occasioned thereby special care should be taken to see that all mail accepted for despatch to soldiers abroad by air mail is fully prepaid at the following rates:—

To Overseas destinations (with trans-Atlantic Air Conveyance).....	30c. each ½ ounce.
To Jamaica.....	10c. each ½ ounce.

(2) Trans-Atlantic Air Mail Service.—Following is the latest schedule issued in connection with the trans-Atlantic air mail flights from New York, N.Y., to Lisbon, Portugal, which became effective March 10, 1941.

†The carrier is exempt from the requirement to return from Lisbon, via Horta and Bermuda, under which exemption return flights may be made from Lisbon via Bolama, Belem (Para), Brazil, and Port of Spain, until May 1, 1941.

It will be observed that this notice shows a change of schedule on return flights from Lisbon only.

NOTE:—Attention is again particularly directed to the fact that although this schedule calls for two trips per week, weather conditions have recently made frequent postponements in departure dates necessary. These conditions may obtain for some time and it is considered desirable to inform patrons considering the use of the trans-Atlantic air mail service of the possibility of delay on this account.

(3) Bermuda Air Mail Service.—Following is the latest schedule issued in connection with the Pan American Airways Company flights from Baltimore, Md., to Hamilton, Bermuda, which became effective on March 10, 1941.

Effective March 10, 1941

Sun. Wed.			Mon. Thur.

It will be observed that this notice shows a change of schedule on return flights from Bermuda.

(4) Air Mail from British India.—The Postal Administration of India advises that air mails for Canada are now being despatched by Post Offices in India for transmission (1) by British Overseas Airways' service up to Sydney, by Trans-Tasman service from Sydney to Auckland, and by the Pan American service from Auckland to Canada, and (2) by British Overseas Airways' service up to Rangoon, by Chinese service from Rangoon to Hongkong via Chungking and by the Trans-Pacific service from Hongkong to Canada.

The rates of air mail fee from India and superscription required on such correspondence in respect of the two routes indicated are as follows:

Superscription	Air mail fee					
	Letters and Packets per ½ oz. in addition to ordinary postage			Postcard inclusive of postage		
	Rs.	as.	p.	Rs.	as.	p.
India-Auckland-Canada	2–	5–	0	0–	12–	6
India-Chungking-Canada	3–	13–	6	1–	4–	6

Surcharges should be collected according to Post Office markings.

(5) Registration Fee Must be Prepaid on Correspondence Addressed to Federal Government Departments at Ottawa.—It is observed that some Postmasters are accepting, for registration, letters addressed to the War Savings Committee at Ottawa without payment of the necessary registration fee.

The attention of Postmasters is, therefore, directed to the fact that, while correspondence addressed to Federal Government departments at Ottawa, including the War Savings Committee at Ottawa, may be mailed without prepayment of ordinary postage, if the senders desire such correspondence to be registered, they must pay the usual registration fee in each case.

(6) Requirements Governing the Mailing of Parcels of Game, Furs, etc.—Postmasters are informed that the following amended regulations are to be substituted for those at present appearing in Section 199, Page 50, of the 1940-41 Postal Guide:—

Game, raw furs, skins, plumage, etc.

Packages containing the dead bodies of any wild animals or birds or parts thereof, including furs, skins, plumage, eggs, etc., are not to be accepted for mailing, even when lawfully killed, unless the sender produces a permit from the Provincial authorities covering the shipment. Such packages must also bear a full and accurate description of the contents, together with the name and address of the sender before being accepted for mailing.

During the closed season under the Migratory Birds Convention Act, no packages containing birds, their parts, nests, or eggs, protected under the Act, may be accepted for mailing unless the sender produces a permit from the Department of Mines and Resources at Ottawa, allowing such shipments, in addition to the Provincial permit. These packages must also be clearly endorsed with the name and address of the sender and an accurate statement of the contents before being accepted for mailing.

Living animals prohibited with certain exceptions.

The transmission by mail of living animals of any kind is prohibited, with the following exceptions:

(1) Bees (in properly constructed cases).

(2) Specimens of parasites and noxious insects and destroyers intended for the control of such insects, when properly packed and addressed to or coming from Government Laboratories.

(7) War Savings Stamps and Certificates.—

POSTMASTERS AT NON-ACCOUNTING POST OFFICES:

Cash must not be sent to the War Savings Committee for the purchase of War Savings Stamps nor for any other purpose. Postmasters at non-accounting Offices have been furnished with credit supplies of War Savings Stamps and when more are required should be obtained in the same manner as Postage Stamps and Postal Notes, i.e., a separate form F.B. 5A P.M., headed "War Savings Stamps", should be prepared and forwarded with a remittance to the distributing office under registered cover.

When cash is presented for payment for War Savings Certificates at a non-accounting Office, the sale of War Savings Stamps not being involved, the Postmaster should forward it under registered cover to his District Director or Superintendent, accompanied by the relative applications. The District Office will purchase the necessary draft and forward all vouchers to the War Savings Committee, Ottawa.

Postmasters are requested to place an impression of their Post Office date stamp on all applications and remittance lists sent to the War Savings Committee.

(8) Sustain War Savings Effort.—With $120,000,000 to be raised in 1941 through the purchase of War Savings Certificates, Postmasters and all Postal employees are asked to remember that their co-operation, both as War Savers and as promoters of this most vital National endeavour, must be continuous. So that Canada may secure the arms, war munitions, planes and ships, our savings must be loaned to the Government, even to the point of sacrifice.

The effort made during the past few weeks to secure pledges to purchase War Savings Certificates regularly until the end of the war is one that must be not only sustained but increased. War outlays for armament can not be paid for by a short "Whirlwind campaign" but must be met by undiminished endeavour, month in and month out, until victory is achieved.

The objective of all Postal personnel, now and in the future, therefore, should be to maintain and to redouble their efforts in promoting the sale of Certificates and War Savings Stamps.

Remember that money invested in War Savings Certificates brings 3% interest on maturity. Security is guaranteed by the Dominion Government—the investor cannot lose. War Savings Certificates cannot fluctuate in market value! Lend that Canada may fight through to victory.

(9) 1941 Summer Cottager Lists Available.—The 1941 lists "Names and Homes Addresses of Summer Cottagers" have been completed and are available for sale. The cottagers are listed under the name of the summer resort, and the actual owner of a cottage is specially designated. French speaking cottagers are also specially indicated by a "star" opposite the name.

The 1941 Summer Cottager lists will be sold at the same price as the 1940 editions, namely $2.50 each for Ontario and Quebec, and $1.25 each for the Maritime and Western Provinces.

These lists have been of valuable assistance to dealers in Sporting Goods, Furniture, Canoes, Boats, Water Systems, Lighting Plants, Campers' Supplies, Provisions, etc., in circularizing prospective customers, and Postmasters are requested to inform firms dealing in merchandise of this nature and others likely to be interested in purchasing these lists that revised information is available.

Post Offices on the revenue basis are allowed a commission of 50c. on the sale of each Ontario and Quebec list, and 25c. each on Maritime and Western Provinces.

Summer Cottager lists may be obtained from the District Office.

(10) Changes in the Canada Official Postal Guide 1940-1941.—Postmasters are requested to make the following changes in their working copies of the 1940-1941 Postal Guide:

Page 94 Bolivia—air mail rate, substitute "35 cents" for the present entry.

Page 148 Morocco—Parcel Post—Table of rates (C) Spanish Zone (1), delete "Monte Arruit", "Ricon de Medik", "Segangan" and "Zuluan" and substitute the following places in alphabetical order: "Larache", "Tarquist", "Villa Alhucemas" and "Xauen".

Page 148 Morocco Parcel Post (C) Spanish Zone, observations, delete "Dar Drius" and "Monte Arruit".

(11) Restrictions on the Importation of Seeds into United Kingdom.—All seeds, including onion and leek seeds may now be imported into United Kingdom by parcel post. The addressee is required to produce an import licence issued by the British Board of Trade.

In this connection it should be noted that the mention "Onion and leek seeds" may be removed from the list of articles prohibited transmission by parcel post to the United Kingdom appearing on page 123 of the Postal Guide.

Flower seeds are normally not now admitted into the United Kingdom. It is suggested that exporters in Canada wishing to post such seeds should ascertain from the addressee before posting that a licence for the importation of the seeds has been, or will be, issued to him.

Seeds are not to be sent to the United Kingdom by letter post.

(12) Prohibited Exports—Concentrated Milk Products.—The Dairy Products Board now advises that postal shipments will be exempt from the provisions of the order prohibiting the exportation of concentrated milk products.

This supersedes the notice in the Monthly Supplement to the Postal Guide for February, 1941.

(13) Prohibited Exports.—With reference to notice No. 16, entitled "Prohibited Exports", appearing in the March, 1941 Supplement to the Postal Guide in regard to wheat and wheat flour, Postmasters are informed that the Department of National Revenue advise that no export permit would be required for the exportation of samples of wheat and wheat flour if the value of such shipment is less than $5.00.

(14) Prohibited Exports.—With reference to the notice" Prohibited Exports" appearing in the August, 1940 Supplement to the Postal Guide, in regard to leather, hides and skins, other than fur skins, Postmasters are informed that the Department of National Revenue advise that the regulations have been amended and, until further notice, the permits prescribed by the above mentioned notice will not be required for export shipments of the following materials:

2. G.S. Calfskin Trimmings.

4. Bona fide waste Leather Scrap.
   Material known in the trade as Glue Stock.

"In cases where an article of third class matter would have to be redirected owing to the addressee having removed to another locality and where there is, on the cover, a request for direct return to the sender, in such circumstances this request is to be complied with. The reason for non-delivery and the present location of the addressee (if known) are to be indicated on the cover for the information of the sender. A charge will be made for such direct return equal to the original postage charge, except in cases where a number of circulars, etc., are being returned to the same address in one packet at a time, in which case return postage may be charged on the bulk weight."

(4) **Similarity in Post Office Names.**—The attention of Postmasters and Railway Mail Clerks is directed to the similarity in the names of the following Post Offices:

Chénier, P.Q.		Cherrier, P.Q.
Dalmeny, Sask.	Domremy, Sask.	Donnelly, Alta.

Particular care should be exercised in the sortation of mail for these offices.

(5) **Seasonable Time to Increase Sales of Post Office Rural Directories.**—With the approach of summer many firms are undertaking their seasonable MAIL ADVERTISING campaign. Business firms throughout the country will be advertising by mail such lines as paints, oils, painter's supplies, etc., for the "Clean Up-Paint Up" weeks held in most communities, while other merchants will be advertising by mail—hardware, builder's supplies and material, farm and garden tools, seeds and plants, etc. Clothing firms too, will be compiling their out-of-town mailing lists for their summer fashion circulars.

Postmasters can provide valuable co-operation by selling these MAIL ADVERTISERS our Post Office Rural Directories, from which special classified and general lists may be compiled, or from which their last year's mailing lists may be revised and brought up to date.

Post Office Rural Directories, containing the names and occupations of householders receiving mail at rural post offices and on rural routes have been found by business men to provide invaluable aid in connection with their MAIL ADVERTISING activities.

Through the use of individual enterprise and initiative Postmasters can extend the sale of these Post Office Rural Directories to firms planning DIRECT MAIL ADVERTISING campaigns pointing out the value of keeping their mailing lists up to date, as well as explaining how efficiently Post Office facilities enable sellers to reach their markets.

Postmasters have won the goodwill of business executives, and increased the revenue of their own Post Office by promoting the use of Post Office Rural Directories for MAIL ADVERTISING campaigns.

Any information required regarding Post Office Rural Directories can be obtained from the District Director of Postal Services, or from the Public Relations Branch, Post Office Department, Ottawa.

(6) **Rural Postmasters in Forefront for War Savings Campaign.**—A tremendous incentive should be given postal personnel to increase their sales of War Savings Stamps and Certificates, from the announcement of the National War Savings Committee, Ottawa, recently that Canada's Rural Postmasters were among the foremost in the Civil Service Campaign.

Being heavy investors themselves in the loan to provide their country with the sinews of war, they now have a telling argument and a convincing point of approach in soliciting the public to invest.

The requirements of a successful War Savings salesman should include enterprise, initiative, originality of method, perseverance to make sales or to get investors to increase their present holdings. The ability to think in terms of large sales of War Savings Certificates and yet never to ignore the chance to sell a single stamp, is an important attribute—Coupled with personal investment in War Savings the Postmaster or Assistant is equipped to maintain and to extend his promotional effort for the reason that to CONVINCE OTHERS TO BUY YOU MUST FIRST CONVINCE YOURSELF.

(7) **Delivery of Mail to Mail Orderlies.**—District Directors and Postmasters are requested to make sure that no mails are delivered to a member of the Armed Forces representing himself to be a Mail Orderly unless he is personally known as such or until he has produced the proper credentials from his Commanding Officer.

In any case, whether known or not, a Mail Orderly's credentials must be examined at least once a month to ensure that they are in order.

(8) **Changes in Canada Official Postal Guide.**—Postmasters are requested to note the following changes which should be made in their copy of the 1940–1941 Canada Post Guide:
Page 14, Section 12(A), after "Mexico" add "Straits Settlements".
Page 14, Section 13 after "Mexico" add "Straits Settlements".
Page 60, Section 270, after "Mexico" add "Straits Settlements".

(9) **Rates of postage on letters and postcards from other countries.**—Postmasters are advised that the rates of postage on letters and postcards from the following country are as follows:—

	1st Weight	2nd Weight	Postcards
New Zealand.....	2 pence first oz.	1 penny each ½ oz.	1 penny

The above is to be substituted for the corresponding entry in the list of rates of postage from foreign countries, page 82 of the 1940–41 Postal Guide.

Surcharges should be collected according to Post Office markings.

(10) **Return of Undeliverable Foreign Letters.**—With reference to the notice appearing in Weekly Bulletin of the 15th February last, in regard to the necessity for greater care being exercised in the treatment of foreign letters which fail of delivery in Canada, Postmasters and Railway Mail Clerks are informed that "Argentina, Switzerland, and Straits Settlements" should be added to the list of countries appearing in the second paragraph of this notice which will now read as follows:

"Undeliverable foreign letters, even those bearing a return address, (other than those originating in Great Britain (including Northern Ireland and Ireland (Eire), Newfoundland, the United States, Mexico, Switzerland, Argentina, and Straits Settlements) should be forwarded to the District Dead Letter Office or in the case of city Post Offices to the General Superintendent of Postal Service, Ottawa, marked 'For Inspection Service'."

(11) **Personal Postal Messages to Enemy and Enemy Occupied Countries.**—Arrangements have been made for a system of Personal Postal Messages to facilitate the sending of brief messages between persons in Canada and relatives and friends in enemy and enemy-occupied countries, including Germany, Austria, Italy, Czechoslovakia, German occupied Poland, Belgium, Holland, Luxembourg, Norway, Denmark, occupied France and the Channel Islands.

Such messages are to be written on an official form and are to be confined to simple messages not exceeding 20 words which are purely personal in character relating to family news or enquiry as to the well-being of the addressee or his relatives and friends. Nothing of a political, economic or military character is permitted. Messages should be written in block letters and, if possible, should be in English, French or German.

The messages will be transmitted through the intermediary of the International Red Cross Committee at Geneva, Switzerland, on the special official forms which may be obtained through any Postmaster. Forms will be immediately available at all the larger Post Offices.

The fee for a Personal Postal Message is 25c. which pays postage to final destination as well as postage from Geneva to Canada on the addressee's reply.

As an acknowledgment of the filing of the message, the Postmaster will furnish the sender with the remitter's receipt portion of a Postal Note issued in connection with the transaction.

(12) **Mail Service Suspended to Hungary and Yugoslavia.**—All mail service, including Money Order service, is suspended to Hungary and Yugoslavia.

(13) **Insurance for Parcel Post to Hong Kong Temporarily Suspended.**—Postmasters are informed that Parcel Post for Hong Kong cannot be accepted for insurance until further notice.

(14) **Prohibited Exports.**—Application for Export Permits to be made to the Minister of Trade and Commerce.

With reference to the various notices entitled "Prohibited Exports", appearing from time to time in the Monthly Supplements to the Postal Guide, in regard to Arms, Ammunition, Implements or Munitions of War, or any articles deemed capable of being converted thereinto or made useful in the production thereof, which are prohibited exportation, except under permit issued by or on behalf of the Minister of National Revenue, Postmasters are advised that, effective May 5, 1941, applications to obtain such export permits should be made to the Minister of Trade and Commerce, who, in future, will issue all export permits pertaining to the above.

It may be added that the necessary export permits for other products already placed on the prohibited list which were previously obtained on application to certain specified boards, are also to be obtained on application direct to the Minister of Trade and Commerce.

(15) **Export Permits for Shipments to Points Outside Western Hemisphere.**—Attention is directed to the following regulations effective 5th May, 1941, under Order in Council P.C. 2448 of the 8th April, 1941:

"No person shall export any goods to any country outside of the Western Hemisphere, **other than to parts of the British Empire,** without first having obtained a permit issued by or on behalf of the Minister of Trade and Commerce;

"No person shall export any goods to the colonies or possessions of France within the Western Hemisphere without first having secured a permit issued by or on behalf of the Minister of Trade and Commerce;

For the purposes of this Order the Western Hemisphere shall be understood to embrace all land west of longitude 30° west and east of the International Date Line:

"Applicants for permits shall furnish in respect of each proposed shipment for export referred to in the preceding paragraphs information in writing in the manner and form prescribed by the Minister of Trade and Commerce".

This supersedes the notices published in Monthly Supplements to the Postal Guide. March 1940 (No. 14), April 1940 (No. 11), June 1940 (No. 12), August 1940, (the last 2 paragraphs of No. 16), and September 1940, (No. 14).

(16) **Import Permits Required on Parcel Post Packages for Japan.**—Reference is made to the notices published in the March 1941 and April 1941 Supplements to the Postal Guide, concerning permits required of addressees for parcel post packages imported into Japan.

As stated in the April Supplement this requirement does not apply to articles imported for official use; nor to gifts, sample packages or articles imported for repair. In order to avoid the possibility of misunderstanding, however, it is recommended that such parcels be endorsed to show whether they contain articles intended for official use, gifts, etc.

(17) **Imperial Reply Coupons—India.**—Advice has been received from the Postal Administration of India that Imperial Reply Coupons sold in Canada for prepayment of postage from India will be exchanged for postage stamps to the value of 2½ annas only.

(18) **Passports must not be sent out of Canada by Post.**—Instances have come under notice recently in which Canadian passports were mailed by private individuals from Canada to other Countries.

In this connection, attention is directed to Article 4 of the Passport Regulations:

ARTICLE 4. A passport is not issued by the Department of External Affairs on behalf of a person already abroad; such person should apply for one to the Canadian Legation in the country in which he is residing, or to the nearest British Consulate. Passports must not be sent out of the Dominion of Canada by post.

(5) Redemption of Postal Note Scrip.—It has come to the attention of the Department that in some cases Postmasters are reluctant, and a few have actually refused to redeem Postal Note scrip tendered by newspaper publishing companies, which they had received from advertising companies in the United States.

Postal Note scrip was instituted in order to use on Postal Notes and also to provide for remittances of small amounts under 10c. Consequently, such scrip must be redeemed by Postmasters whenever tendered, provided that it is in mint condition and does not show indications of having been previously used or cancelled, and is tendered by responsible persons.

Air mail addressed for delivery in the United States, conveyed over this route, is subject to postage at 6 cents per ounce or fraction of an ounce.

(2) Air Mail Service between Lethbridge, Alta., and Great Falls, Montana, U.S.A.—An Air Mail Service between Lethbridge, Alta., and Great Falls, Montana, U.S.A., was inaugurated on June 12, 1941. The frequency of the above Air Mail service will be daily including Sunday each way.

Air mail addressed for delivery in the United States conveyed over this route will be subject to postage at 6c. per ounce or fraction of an ounce.

(3) A new Post Office at Outpost Island, N.W.T., to be served by Mackenzie River Air Stage Service.—A new Post Office has been established at Outpost Island, N.W.T., as from Thursday, June 12, 1941. Outpost Island is situated approximately 60 miles south of Yellowknife and 40 miles north of Fort Resolution.

This new Post Office will be served weekly, northbound on Thursday and southbound on Friday by the Mackenzie Air Service Limited.

The rates of postage applicable to mail to and from Outpost Island will be as follows:

First and Third Class Matter—3c. first ounce, 2c. each ounce after.

Second Class Matter—When mailed by the public, 1c. per 4 ounces or fraction of 4 ounces to each separate address. When mailed from office of publication or from newsdealers to subscribers 4c. per lb.

Parcel Post—70c. per pound or fraction of a pound.

(4) C.O.D. Procedure at Non-Accounting Offices—Postage Stamps representing value of Money Order Fees are not to be affixed to C.O.D. Tags.—The Department is informed that some Postmasters at non-accounting Post Offices, when remitting C.O.D. charges on parcels delivered from their office, are affixing the postage stamps representing the value of the money order fee, to Section 4 of the C.O.D. tag.

In this connection the attention of the Non-Accounting Postmasters is directed to Paragraph H, Section 158, Page 42 of the Postal Guide, which directs that the postage stamps representing the money order fee are to be enclosed *loose* and uncancelled with the cash in official registered envelope No. 45, and forwarded under registration to the Postmaster of the office at which the C.O.D. article was mailed.

(5) Similarity in Post Office Names.—The attention of Postmasters and Railway Mail Clerks is directed to the similarity in the name of the following Post Offices:

Macdowall, Sask. Macdonald, Man.

Particular care should be exercised in the sorting of mail for these offices.

(6) Acknowledgment of Receipt of Canadian Money Order or Postal Note (A.R.M.O. 65 P.M.).—The attention of Postmasters is again invited to the service provided by Acknowledgment of Receipt Card (A.R.M.O. 65 P.M.) for the purchasers of Money Orders and Postal Notes payable in Canada.

In order to make this service better known to the patrons of the Post Office, Postmasters and Issuing Officers should suggest to remitters the possibilities of this form for obtaining payees' prompt acknowledgment of receipt of Money Orders and Postal Notes drawn for payment in Canada.

(7) **$4.00 Books of War Savings Stamps.**—The attention of Postmasters is drawn to the fact that an experimental issue of War Savings Stamps in books containing 16 x 25-cents Stamps, of the total face value of $4.00, was brought out some time ago. It was thought that these books would be useful at the smaller Post Offices and among the smaller distributing agencies. The slow rate at which these books are being called for suggests that their existence may not be generally known and Postmasters are requested to make requisition for them if they have reason to believe that they could be used to advantage by the said smaller distributors, City Sub-offices, or Non-Accounting offices.

(8) **Greater Responsibilities.**—During the summer and the autumn War Savings promotional activities will be increased, the War Savings Committee, Ottawa, announces, in view of the urgent need to help Canada find the necessary war finances. The increasing magnitude of our war effort places new and greater responsibility on the War Savings organization.

Postmasters are asked to increase their sales of War Savings Stamps and Certificates, for never was the need greater than today.

By increasing War Savings Stamps and Certificates sales, by doing everything possible to maintain existing War Savings pledges and to obtain others, each Postmaster can fill a worthy role in this necessary and patriotic endeavour.

(9) **Trans-Pacific ("Clipper") Air Mail Service to Hong Kong and Singapore.**—This will refer to the notice appearing in the June, 1941, Supplement to the Postal Guide, in regard to the fortnightly air mail service from San Francisco to Hong Kong.

The Postal Administration of the United States advises that this service has now been changed so as to operate beyond Manila each second week to Singapore, Straits Settlements, with operation the alternate week to Macao and Hong Kong.

This will provide a weekly despatch of air mail to both Hong Kong and Singapore.

There will be no change in the existing schedule on the fortnightly flights to Hong Kong. Mails for Singapore will be despatched by such flights and discharged at Manila for onward despatch by ship or by the next plane, whichever will offer earlier delivery.

There is an average of two sailings a week from Manila to Singapore; the time of transmission being approximately 5 days.

On the flights to Singapore, mails for and via Hong Kong will be discharged at Manila for onward despatch by ship or by the next "Clipper" whichever will provide the more expeditious service. There is an average of 4 sailings a week from Manila to Hong Kong, the time of transmission being from 1½ to 2 days.

The postage rate for air mail forwarded to Singapore by this route will be the same as the rate to Hong Kong—90c. per half ounce or fraction thereof.

(10) **Mail Service to Syria and Lebanon.**—All mail service, including Money Order service, is temporarily suspended to Syria and Lebanon.

(11) **Incorrectly Prepaid Parcels addressed to British and Foreign Destinations.**—It has been brought to the attention of the Department that a considerable number of parcels mailed in Canada, addressed to other countries, are reaching the British and Foreign Mail Branch, Montreal, incorrectly prepaid for onward transmission to destinations.

Parcels should be carefully checked for correct prepayment of postage before being permitted to go forward, and the attention of Postmasters is, therefore, specially directd to the latest table of "Parcel Post Rates to Other Countries", on page 11 of this Supplement to the current Postal Guide.

(12) **Parcels for Prisoners of War Interned Abroad—Double Addressing Recommended.**—The American Embassy at Berlin has reported a recommendation by the German authorities that parcels bear two fully addressed coverings, as, in several instances, parcels have proved impossible of delivery to specified individual prisoners through the mutilation of the outside addresses in transit.

Postmaster are requested to recommend wherever possible two fully addressed wrappers to their patrons who may be sending parcels to prisoners of war interned abroad.

(13) **Gift Shipments of Food to the United Kingdom—Revised Regulations Issued by the British Ministry of Food.**—Information has been received that the British Ministry of Food, in order to conserve shipping space for more urgent supplies, has issued new regulations in respect to gifts despatched to the United Kingdom from abroad. After June 28, 1941, such gifts will be allowed only subject to the following conditions:

Bona fide unsolicited gifts, whether they include rationed foods or not, may be received from abroad by parcel post addressed to individuals.

No parcel may exceed 5 lbs. gross weight or contain more than 2 lbs. of any one foodstuff.

The maximum of 5 lbs. will also be applied by the Board of Trade in the case of non-foodstuffs.

No permit or licence is required in such cases, and all parcels must be clearly marked as gifts.

A gift cannot be regarded as unsolicited where it has been received as a result of some prior communication sent by the recipient to the donor. Moreover, the receipt of gifts at frequent intervals cannot be permitted.

Licences which have been granted to importers to receive individual gifts in bulk for distribution through the parcel post on arrival in the United Kingdom will not be renewed, or any further licences of this type approved. Existing licences and those recently expired and under consideration for renewal will be held to cover consignments despatched from abroad by the 28 June.

Where well-wishers abroad desire to send larger quantities of foodstuffs (which must not include rationed foods), they must first arrange for some responsible organization in the United Kingdom, formed for charitable or similar purposes, to be the recipient of such goods. Application for a licence must then be made to the Ministry of Food by the organization, which will be required to give an undertaking that the goods will be consumed within that organization. For example—if the recipient is a hospital, the food would be supplied to patients or members of the staff. In the case of neither parcels nor larger consignments will it be permitted to send any money out of the United Kingdom in respect of gifts of food.

Attention is drawn to the provision of the Rationing Orders, 1939 (S.R. and O. 1856) under which it is an offence to obtain or attempt to obtain, or to supply or to attempt to supply any rationed food in excess of the ration. It is an offence, therefore, to send abroad for supplies of rationed foods.

These regulations do not apply to parcels for Canadian soldiers in the United Kingdom.

The British Ministry of Food has expressed the desire that wide publicity should be given to the above regulations so as to avoid disappointment to persons contravening them in ignorance of their provisions. The Ministry suggested that,the co-operation of the Canadian Postal Service be enlisted to this end.

Postmasters are requested to render all possible assistance in making these new regulations known to their patrons.

(14) **Portugal—Parcel Post via U.S.A.**—Parcel Post for Portugal may now be forwarded via New York as well as by way of England.

The route to be used is optional with the sender in each case.

The following postage rates will apply to parcel post forwarded via New York:

1 lb.	$ 0.50	5 lb.	$ 1.30	9 lb.	$ 2.05	Over 10 lb. up	
2 lb.	0.65	6 lb.	1.45	10 lb.	2.25	to 15 lb.	$ 3.25
3 lb.	0.90	7 lb.	1.65			Over 15 lb. up	
4 lb.	1.10	8 lb.	1 90			to 20 lb.	4.00

Parcel Post sent via New York must not be accepted for insurance.

The regulations as to packing, customs declarations, prohibited articles, etc., will be the same as those which have hitherto applied to parcels despatched via England.

Parcels for Portugal intended for transmission via New York should be ligibly marked "Via New York" and forwarded to Montreal to be included in parcel mails which will be made up by that office for despatch via New York.

(15) Parcel Post Rates to Other Countries.—Postmasters will find hereunder a Table of Parcel Post Rates from Canada to other Countries with changes which should be noted in their Postal Guide.

c—A.M.F. Buffalo despatch to Toronto A.M.F., Toronto D.D.

Air Mail addressed for delivery in the United States, conveyed over this route, will be subject to postage at 6 cents per ounce or fraction of an ounce.

(2) Registration Fee to be paid on registered letters addressed to War Savings Committee, Ottawa, and other Federal Government Departments.—The attention of the Department has again been directed to the fact that some Postmasters are accepting registered letters addressed to the War Savings Committee at Ottawa, on which the registration fees have not been paid.

Postmasters are reminded, therefore, that while such letters may be accepted free of ordinary postage, if the senders desire to register letters addressed to the War Savings Committee at Ottawa, or to other federal government departments at Ottawa, the usual registration fee must be paid in each case.

(3) Procedure for Postmasters requiring supplies of National Registration forms.—The attention of Postmasters is directed to the fact that requisitions for supplies of National Registration Cards for men and women, National Registration Certificates and the large size envelopes for returning completed Registration Cards, should be sent direct to the Chief Registrar for Canada, Ottawa.

Postmasters will kindly note, however, that requisitions for supplies of the following:

Form X—1c change of address postcard.
Form Y—Application for lost or defaced certificate.
Form Z—Change in marital status.
3c. envelopes for returning completed forms Y and Z.

should be forwarded to their regular Postage Stamp Depot in the same manner as requisitions for postage stamps.

(4) Issue of Radio Licences.—The attention of Postmasters is specially called to section 1 on page 10 of the "Instructions to Issuers regarding Issue of Private Receiving Station Licences."

If an application is received for a Special Private Receiving Station Licence and the Postmaster has not a proper form on hand, he should advise the applicant, to that effect and immediately request the Department of Transport, Radio Division, Ottawa, to send him a supply.

The Postmaster must not under any circumstances issue a Private receiving station licence in place of a Special Private receiving licence and change the amount from $2.50 to $2.00.

For each private receiving station licence issued, the Postmaster must collect $2.50. Failure to do this will result in the Postmaster being called upon to make good the deficiency.

(5) Opening and Closing Balances in Cash Accounts.—With the introduction of the new Cash Account forms Rev. 33 P.M. and Rev. 34 P.M., provision has been made for postmasters to show the details of the opening balance (Item 1) as well as the details of the closing balance. This information is required in the Department for auditing purposes, and postmasters are specially requested to see that these details are not omitted hereafter.

Cash on hand must be shown at Item 23.
Postage stamps, postcards, etc., on hand, at Item 25.
Postal notes and postal note scrip on hand, at Item 26.
Unemployment Insurance stamps on hand, at Item 27.
War Savings stamps on hand, at Item 28.

As a separate line is provided in the new Cash Accounts for each of these items, Unemployment Insurance stamps or War Savings stamps on hand must not be included with postage stamps or postal notes on hand, but must be shown on the lines provided for the purposes and included in the total closing balance of the Cash Account.

(6) Intensify War Savings Promotion.—STOP! Have you kept your pledge to buy War Savings Certificates?

This reminder can be tactfully brought to the attention of Post Office patrons by Postmasters and Assistants who are now called upon to redouble their efforts to promote War Savings. War Savings promotion must be a continuous and ever-increasing effort to be carried on until the war is won.

Postmasters are urged to concentrate upon increasing the Sale of War Savings Stamps and Certificates to patrons so that a constant stream of revenue will be kept flowing into Canada's war chest. In promoting War Savings with unflagging energy, and in extending the sale of War Saving Stamps, each Postmaster is playing a valuable part in our war effort.

(7) Bermuda Air Mail Service.—Postmasters are informed that the air mail service on the local route from the United States to Bermuda is temporarily suspended.

Air mail for Bermuda will be forwarded by the trans-Atlantic planes due to leave New York each Tuesday, Thursday and Saturday.

INFORMATION FOR POSTMASTERS

(1) Rates of Postage on Photographs and Negatives.—The attention of Postmasters is directed to the fact that photographs on card or paper, that is, prints or snaps, may be mailed at the third class matter rate of 1 cent per 2 ounces or fraction of 2 ounces, provided the envelopes are unsealed.

Photographic **negatives** on films or plates, however, are not classified as third class matter, but are liable to parcel post rates and, when negatives are enclosed in a package containing photographs, the package is rendered liable to the parcel post rate of postage with a minimum prepayment of 3 cents.

Photographs in frames are also subject to parcel post rates.

(2) Requirements Governing the Mailing of Parcels of Game, Furs, etc.—Postmasters are informed that the following regulations governing the mailing of parcels of game, furs, etc., have been adopted. These regulations replace those published in the April, 1941, Supplement to the Postal Guide and those at present appearing in Section 199, Page 50, of the 1940-41 Postal Guide:

Game, raw furs, skins, plumage, etc.

Packages containing the dead bodies of any wild animals or birds or parts thereof, including furs, skins, plumage, eggs, etc., are not to be accepted for mailing, even when lawfully killed, unless the packages bear a full and accurate description of the contents, together with the name and address of the sender. In addition, if such packages are addressed for delivery outside the province of mailing, the sender must produce a permit from the Provincial Authorities covering the shipment, otherwise the Postmaster must not accept the parcel for mailing. In the case of such shipments originating in the province of Prince Edward Island, it will not be necessary for the sender to produce a Provincial permit.

During the closed season under the Migratory Birds Convention Act, no packages containing birds, their parts, nests, or eggs, protected under the Act, may be accepted for mailing unless the sender produces a permit from the Department of Mines and Resources at Ottawa, allowing such shipments, in addition to the Provincial permit. These packages must also be clearly endorsed with the name and address of the sender and an accurate statement of the contents before being accepted for mailing.

Living animals prohibited with certain exceptions.

The transmission by mail of living animals of any kind is prohibited, with the following exceptions:

(1) Bees (in properly constructed cases).

(2) Specimens of parasites and noxious insects, and destroyers intended for the control of such insects, when properly packed and addressed to or coming from Government Laboratories.

(3) Yukon Parcel Post—Winter Service.—During the season of closed navigation on the Yukon River, which extends approximately from 1st October to 31st May, parcel post to and from post offices in the Yukon will be suspended, except as under:—

CARCROSS, WHITE HORSE AND CHAMPAGNE—Rates and services the same as during summer.

CARMACKS, FORT SELKIRK (formerly Pelly), MAYO LANDING AND DAWSON.—By Air Stage service at the rate of 30 cents for the first pound or fraction thereof and 25 cents for each additional pound. This rate is applicable from Carcross, White Horse and Champagne in the Yukon and from Canadian points outside the Yukon to the four offices named, and vice versa; and also between any two of these four offices.

Parcels prepaid at ordinary (Summer) parcel post rates for offices in the Yukon other than the seven offices named above may be addressed to White Horse, and the addressees may make their own arrangements with the transportation companies operating in the Yukon for conveyance from White Horse to destination.

Care must be taken to ensure that during the season of closed navigation parcel post matter for the Yukon is accepted only at the rates and within the limits outlined above.

Postmasters will please give this every publicity.

(4) Parcels Prepaid at Parcel Post Rates not Forwarded to Telegraph Creek, B.C., during the Season of Closed Navigation.—Postmasters are informed that during the season of closed navigation, which extends approximately from the 1st October to the 1st April, the weight of mail carried on this route is limited.

In the circumstances, persons tendering parcels for mailing prepaid at parcel post rates for this office should be advised that the parcels will be held at Vancouver during the season of closed navigation.

(5) **Treatment of Mails Posted in Canada for Personnel of the Navy.**—Mail for members of the Navy is to be treated in accordance with the following:

(6) **The V in War SaVings is the V for Victory.**—The V in War SaVings is the V for Victory. Postmasters and Assistants by giving personal leadership and by pledging themselves to surpass all their previous sales records of War Savings Certificates will help scatter broadcast the V for Victory sign in a most practical way. Every War SaVings Stamp and every War SaVings Certificate sold chalks up a permanent V for Victory symbol. Canada's rapidly expanding production for Victory challenges all to sell more War Savings Certificates than ever before.

In the past Canada's Postmasters have won recognition as leaders in War Savings promotion—an incentive which should spur them to greater effort. To-day, with the call for continuous and unremitting endeavour and sacrifice to provide the necessary war finances they have an increased obligation to see that these dollars are forthcoming by enlisting their patrons in Canada's army of regular War Savers.

Every cent invested in War Savings will be used to fight the enemy. Every War Savings Stamp and Certificate sold augments our military effectiveness and brings Victory nearer.

Both as a patriotic action and as a sound investment in Government-backed securities paying 3% on maturity compounded half-yearly, patrons who become regular War Savers, and who increase their purchases, are helping make the V in War SaVings the V for Victory, and are also buttressing their own economic security against some future "rainy day".

(8) **Postage on Mail Matter from Kenya, Uganda and Tanganyika Territory.**—Advice has been received that owing to a shortage of the current issue of 5, 10 and 20 cent Kenya, Uganda and Tanganyika Territory postage stamps, prepayment on mail matter from these places will be made by means of South African postage stamps of the 1 penny, 3 pence, and 6 pence denominations, overprinted for sale in Kenya, Uganda and Tanganyika Territory at 5, 10 and 20 cents respectively.

(9) **Postage Rates from British Somaliland.**—Advice has been received from the British Office that Post Offices in British Somaliland will, as a temporary measure, be operated as agencies of Aden, and Aden postage stamps will accordingly be used on correspondence. Postage rates charged in British Somaliland will be the same as those charged in Aden.

(10) **Reply Coupons—India.**—The Post Office Weekly Bulletin of the 12th April last gave notice of advice from India that Imperial Reply Coupons sold in Canada, for prepayment of postage from India would be exchanged for postage stamps to the value of 2½ annas only.

The postage rate on letters from India to Canada is 3½ annas for the first ounce, and, in consequence, the appropriate Reply Coupon to use to prepay the postage for a reply to a letter sent from Canada to India until further notice will be an International Reply Coupon.

INFORMATION FOR POSTMASTERS

(1) **Sealed Packages of Excise Stamps Transmissible at Printed Matter Rate.**—Postmasters are informed that sealed packages not exceeding 25 pounds in weight, containing excise stamps, may be transmitted at the printed matter rate of one cent for each two ounces or fraction of two ounces, provided these packages are posted by an official or authorized agent of the Department of National Revenue and bear on the outside a description of the contents.

(2) **Yukon Parcel Post—Winter Service.**—During the season of closed navigation on the Yukon River, which extends approximately from 1st October to 31st May, parcel post to and from post offices in the Yukon will be suspended, except as under:—

CARCROSS, WHITE HORSE AND CHAMPAGNE.—Rates and services the same as during summer.

CARMACKS, FORT SELKIRK (formerly Pelly), MAYO LANDING AND DAWSON.—By Air Stage service at the rate of 30 cents for the first pound or fraction thereof and 25 cents for each additional pound. This rate is applicable from Carcross, White Horse and Champagne in the Yukon and from Canadian points outside the Yukon to the four offices named, and vice versa; and also between any two of these four offices.

Parcels prepaid at ordinary (Summer) parcel post rates for offices in the Yukon other than the seven offices named above may be addressed to White Horse, and the addressees may make their own arrangements with the transportation companies operating in the Yukon for conveyance from White Horse to destination.

Care must be taken to ensure that during the season of closed navigation parcel post matter for the Yukon is accepted only at the rates and within the limits outlined above.

Postmasters will please give this every publicity.

(3) **Form U.I.C. 419 may be Supplied in Quantity to Employers.**—Representations have been made to the Unemployment Insurance Commission by employers who state that they are unable to obtain more than one or two requisition forms for Unemployment Insurance stamps (form U.I.C. 419) at a time from their local Post Offices. They find this rather inconvenient and Postmasters are therefore informed that larger quantities of these forms may be issued to applicants, if requested.

(4) **Proper Cancellation of Postage Stamps.**—To ensure proper date stamping and cancellation the following points should be observed:—

1. Keep the type in the dating stamp clean by brushing it—a tooth brush will answer the purpose and the stamp can be thoroughly cleaned in a minute or two.
2. Keep the stamping pad well inked.
3. Shake the ink thoroughly before placing it on the pad.
4. Rub the ink well in with the wooden muller.
5. Scrape the pad occasionally to remove the dust which accumulates and becomes clogged with ink.
6. Do not allow the stamping pad to become too much worn to properly hold the ink.

(5) **To Intensify War Savings Effort.**—With the autumn months is coming an intensification of the War Savings Campaign throughout Canada. This will present a challenge to every Postmaster and Assistant to use fresh initiative and enterprise so that the fine promotional record already established in this important war-effort may be not only maintained, but surpassed.

The need increases daily that dollars from the earnings of the public should be translated into war-materials, which will be deciding factors in bringing victory.

Every extra War Savings Stamp or Certificate sold the public—or every War Savings pledge which is increased through the influence of a Postmaster—helps move additional weapons into action against the enemy.

The more War Savings Certificates sold, the more weapons are made available for our forces! Investors in War Savings Certificates are not "giving" the Government their savings, but are making a loan upon the best security.

(6) **Remittances to Members of the Canadian Army Overseas as well as to Members of Imperial Units to be made by means of Post Office Money Orders only.**—Postmasters are informed that as directed in the Post Office Weekly Bulletin No. 992, dated 9th March, 1940, remittances in favour of members of the Canadian Army overseas, as well as members of Imperial Units, are to be made by means of Post Office Money Orders. Advice forms M.O. No. 27 P.M. are to be prepared, and the Orders and Advices are to be sent to the Ottawa Exchange Office in envelope M.O. No. 9 P.M. Senders are handed a receipt only for the amount deposited. Payment is made to the payees in Great Britain by means of a Postal Draft issued by the British Post Office Department, in lieu of the Canadian Money Order.

Postal Notes are sold for payment in Canada and Newfoundland only, as indicated on the Note, and also to Canadian soldiers in Jamaica. Postal Notes are not, however, to be sold in favour of Canadian soldiers, etc., in Great Britain.

If, however, a Postal Note in favour of a Canadian soldier, seaman, or airman, is erroneously despatched to Great Britain, arrangements have been made with the British Postal Department whereby such a Postal Note will be honoured in the same manner as British Postal Orders are honoured in Canada when despatched to this country by Canadian soldiers.

(7) **Rubber Stamp Year Type, and Model Dater Year Bands.**—The Equipment and Supply Branch requests that those concerned carefully examine all rubber daters and boxes of type issued for same in order to ascertain if "1942" year type is included. If not, requisition should be made direct to Equipment and Supply Branch for same.

In the case of model daters it is also suggested than an examination be made of this equipment to find out if year "1942" appears on bands, and if not, the dater should immediately be forwarded to Equipment and Supply Branch so that new bands may be placed thereon.

(8) **Mail Service to Syria and Lebanon Resumed.**—Mail service to Syria and Lebanon has been resumed.

Parcel Post will be routed via England, subject to the following postage rates:—

1 lb.	$ 0.75	6 lb.	$ 1.60
2 lb.	0.85	7 lb.	1.70
3 lb.	1.30	8 lb.	2.00
4 lb.	1.40	9 lb.	2.10
5 lb.	1.50	10 lb.	2.20

Over 10 lb. up to 15 lb.	$ 3.50
Over 15 lb. up to 20 lb.	4.00

It should be noted that parcels for Syria and Lebanon may be subject to very heavy delay.

(9) **Mail Service to Poland.**—Postmasters are advised that mail service is now suspended to all parts of Poland including the territories formerly occupied by U.S.S.R., listed in Post Office Weekly Bulletin No. 990, of the 24th February, 1940, and April, 1940, Supplement to the Post Office Guide.

INFORMATION FOR POSTMASTERS

(1) Airgraph Service.—In an effort to speed up the sending of messages in the form of letters from relatives and friends in Canada to members of the Armed Forces in the United Kingdom, an airgraph service has been established effective 15th November, 1941.

A person desiring to send a communication by the Airgraph Service will obtain a special form from the Post Office, write a message and full particulars as to the name and address of the addressee in the spaces provided, affix the Airgraph fee to the reverse side, and hand the completed form back to the Post Office.

The Airgraph Fee is 10 cents for each message, and must be prepaid by affixing a postage stamp or stamps in that amount in the space provided on the back of the message form.

The message forms will be transmitted by air to Airgraph, Toronto, where they will be photographed on miniature film which will be despatched by air to the United Kingdom where photographic enlargements of the messages will be made.

These enlargements will then be enclosed in envelopes and forwarded to the individual addressees through the Army Postal Service.

Airgraph message forms will be available at all Post Offices, except Sub Post Offices.

(2) Air Postage Rates—Mackenzie River, Great Bear Lake and Lake Athabaska Air Stage Service.—Attention has been invited to the fact that each year a large number of greeting cards are mailed in unsealed envelopes prepaid 1 cent each, addressed for delivery on the above air stage service and contributory services.

In view of the approaching Christmas season, Postmasters are reminded that the ordinary first class rate of postage is applicable to first and third class matter conveyed over the Mackenzie River, Great Bear Lake and Lake Athabaska air stage service. Christmas and New Year's cards, greeting cards, etc., addressed for transmission over this air stage service are therefore subject to postage at three cents for the first ounce and two cents for each ounce after, whether the items are enclosed in sealed or unsealed envelopes.

(3) Despatch of Mail for the North Shore of the River and Gulf of St. Lawrence and Newfoundland Labrador, Winter Season, 1941-42.—During the winter season effective from the 1st December, 1941, all classes of mail for the following post offices should be forwarded on Quebec for despatch.

(4) **Correspondence Addressed to Bank of Canada, Ottawa, Liable to Postage.**—Attention has been directed to the fact that some Postmasters are accepting correspondence addressed to the Bank of Canada, Ottawa, without payment of postage.

In this connection Postmasters are reminded that the above organization does not enjoy franking privileges, and any mail addressed to the Bank of Canada at Ottawa should be properly prepaid with postage in the usual manner.

(5) **More War Savings Certificate Sales Hasten Victory.**—Postmasters are literally placing new weapons in the hands of our fighting forces by selling War Savings Certificates and Stamps. Many new weapons are needed to reach that parity of armament which will place us on even terms with the enemy—and cause his defeat. Every time a Postmaster sells another War Savings Stamp or Certificate he is helping to bring the day of Victory nearer. An appeal is being made by the National War Savings Committee for doubled and even trebled effort in War Savings sales promotion, and it offers a challenge to every Post Office for a greater endeavour in raising the much-needed funds for our Country's war chest.

(6) **Early Christmas Mailing.**—War-time conditions this year render imperative the need for Early Mailing, at the approach of the Christmas season.

Postmasters and every Postal Employee can do much to help the Postal Service at its busiest period, and to benefit the home town citizens by encouraging them to MAIL EARLY all Christmas letters, greeting cards and parcels.

Attention may be advantageously directed to the final dates on which mailings may be made locally, to other parts of Canada, and the United States, to ensure delivery by Christmas Day.

Co-operation may be obtained from the public by stressing why Early Mailing is so important this year.

Among these reasons may be mentioned the depletion of many Postal staffs through the enlistment of many of the highly trained personnel, whose services have been replaced by others with less experience.

Patrons, no doubt, will willingly co-operate when the fact is brought home to them that when they Mail Early they are personally playing a big part in ensuring the delivery of their own Christmas mail on time.

Opportunities should be grasped to emphasize the importance of correct addressing—proper packing of parcels, etc., and to the time-saving advantages of Air Mail and Special Delivery to rush some last minute Christmas gifts to friends at distant points.

(7) **Greeting Cards not to be enclosed in Tobacco Parcels.**—Personal Christmas, New Year's, or other greeting cards should not be forwarded to tobacco companies, or be handed to the local agents of tobacco companies, by persons ordering parcels of cigarettes, tobacco or cigars to be sent to members of the Armed Forces Overseas, with the request that the greeting card be enclosed in the parcel.

A card bearing the name and address of the sender is now placed by the tobacco company in each parcel made up on order so that the recipient may send an acknowledgment to the sender, but it is not permissible under the conditions governing these special parcels to include personal Christmas or similar greeting cards therein.

Christmas, New Year's or other greeting cards should be mailed separately.

POSTMASTERS WILL PLEASE GIVE THE ABOVE EVERY PUBLICITY.

(8) **Small and Oversize Cards and Envelopes.**—Postmasters should bring to the attention of the mailing public the objections to the use of small and oversize cards and envelopes, which at any time are difficult to handle, but particularly so during the busy Christmas and New Year's season.

In urging the public to use cards and envelopes larger than 3 inches by 4 inches, the following objections to the smaller size should be pointed out:—

1. Small envelopes and cards cannot be satisfactorily passed through the electric cancelling machines; this, at many offices, means a slower cancellation and general handling.

2. The cancellation mark in many cases obliterates part of the address, with the possibility that the articles may be misdelivered or at least delayed.

3. The small size renders the sortation and making up of bundles more difficult and hampers the work of the office at a time when speed is essential.

4. Owing to small size there is a greater possibility of loss, as small cards or envelopes may fall out of the bundle to which they are tied.

Oversize cards and envelopes (larger than 4¼ inches by 9½ inches) have the following objections:—

1. Difficulty of cancelling by machine.

2. Too large in many cases to be readily sorted into standard sorting cases without folding with consequent slower handling and in the case of cards—damage.

3. Large cards and envelopes project from bundle and when tied are apt to be cut at edges.

In general, all types of freak cards and envelopes cause difficulty and should be avoided; this warning applies particularly to coloured cards, which render the reading of addresses a matter of considerable difficulty.

POSTMASTERS ARE REQUESTED TO DO EVERYTHING IN THEIR POWER TO BRING THE ABOVE TO THE ATTENTION OF THE PUBLIC.

(9) Third Class Matter to be given Careful Attention.—At this time of the year large quantities of circulars and other items of third class matter are being mailed addressed to "Householder" and Postmasters are reminded that this mail is to be given careful delivery.

Postmasters upon receiving "Householder" matter will please take steps to see that so far as the supply permits, the circulars or other articles thus addressed are delivered at every house in places where there is free delivery by letter carrier or to every family in places where the patrons of the Post Office call at the office for their mail. On rural mail routes it will be the duty of the mail courier to deliver circulars or other articles of printed matter addressed "Householder" or "Boxholder" into every box on his route, so far as the supply permits (see section 89 of the Postal Guide).

Mutual benefit is to be derived by the Post Office, businessmen and the public, by an active use of circular advertising by business firms, but if this form of advertising is to be successful, careful delivery is essential.

(10) Catch Post Service at Biscotasing, Ont.—The Post Office at Biscotasing, Ont. is not now served by Catch Post, and the sign indicating same preceding the name of that office on Page 227 of the Postal Guide should be deleted.

(11) Mail Bags.—The Equipment and Supply Branch advise that in view of the coming Christmas Season, it is requested that all empty mail bags not absolutely necessary for immediate use be returned to the nearest Mail Bag Depository without delay.

All concerned are requested to see that these instructions are strictly carried out.

(12) Emergency Supplies.—The Equipment and Supply Branch advises that as mail cars are congested approximately six weeks previous to Christmas, those concerned should forward immediately to the Superintendent, Equipment and Supply Branch, their requisition for any emergency supplies that are required for Christmas Season.

(13) Air Mail Rate to Bermuda.—Postmasters are reminded that the air mail rate to Bermuda is 15 cents for each **quarter** ounce or fraction thereof.

It has recently come under notice that merchants in Bermuda have had to pay deficient postage on air mail letters from Canada. Many such letters, it is stated, have been prepaid only at the domestic rate for air mail in Canada.

Postmasters are requested to exercise every possible effort to see that proper postage is paid on all air mail letters for Bermuda.

(14) Trans-Pacific ("Clipper") Air Mail Service to Hong Kong and Singapore.—This will refer to the notice appearing in Weekly Bulletin of the 7th June in regard to the air mail service from San Francisco to Hong Kong and Singapore.

(17) Fresh Fruit Prohibited Transmission by Mail to Great Britain and Other Countries (except U.S.A.).—Postmasters are informed that because of its perishable nature and the possibility of causing damage to other parcels in the same bag or mail, fresh fruit is not to be accepted for transmission by mail to countries other than the United States.

A great deal of trouble was caused by such mailings last year, and under present-day transportation conditions, the carriage of fresh fruit by mail to other countries is not practicable.

Facilities are available **outside** the Post Office for the forwarding of small lots of apples to members of the Armed Forces or friends in the United Kingdom—The Canadian Department of Agriculture has arranged a plan under which lots of apples under fifteen pounds in weight may be ordered through wholesale or retail merchants who maintain a stock of certified apples for export.

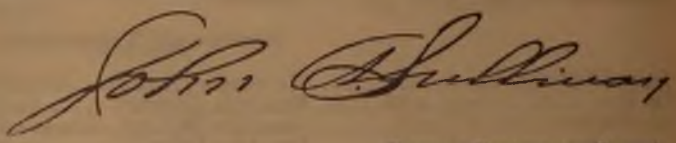
INFORMATION FOR POSTMASTERS

(1) **Renewed Efforts to Sell War Savings Certificates.**—A renewed Nation-wide campaign is now proceeding to secure continuing investors in War Savings Certificates.

There is a constantly increasing need for funds to purchase guns, tanks, planes and munitions to supply the Armed Forces. To meet this need intensified efforts must be made to sell an increasing volume of War Savings Certificates.

While I fully appreciate the splendid co-operation which has been received from Postmasters and Postal Personnel generally throughout the Service, I know I will not be appealing to you in vain when I ask you all to redouble your efforts in this worthy cause.



Deputy Postmaster General.

(2) **Charlottetown-Magdalen Islands Winter Air Stage Service.**—The Charlottetown-Magdalen Islands Winter Air Stage Service is expected to commence early in January, 1942. The closing of navigation will be on or about December 25, 1941.

Postmasters are reminded that parcel post mailed too late to connect with the last sailing to the Magdalen Islands will be liable to the following air parcel rates of postage.

15 cents per pound or fraction of a pound up to and including 10 lb.						
$1.80 per parcel over	10 lb.	up	to	and	including	15 lb.
$2.40 "	"	15 lb.	"	"		20 lb.
$3.00 "	"	20 lb.	"	"		25 lb.

The above instructions must be strictly observed.

(3) **Changing of Date-Stamp.**—The attention of Postmasters is directed to the necessity of changing their office date-stamp at the beginning of the new calendar year to read "1942".

(4) **Calendars—To be Carefully Handled.**—At this time of year business firms are preparing to mail quantities of calendars to clients and prospective customers throughout the country. The calendars are, in many cases, printed at considerable expense and are valuable not only to the recipient but to the business firm as an advertising medium.

It is important, therefore, that the calendars should be delivered carefully and Postmasters are requested to exercise care in the handling of these items during the course of post.

In the event of delivery not being effected and the calendar bears a return address on the cover, the calendar should be returned to the sender.

(5) **Perishable Articles to be Kept from the Heat.**—The attention of the Service is once more directed to the harmful effect of heat on many articles sent through the mails. This warning is repeated because with the commencement of cool weather, post offices and railway mail cars will be heated and care will therefore have to be exercised in the piling of bags containing articles liable to injury by heat. Parcels containing such articles should be distinctly labelled "Perishable" and the bags in which they are placed similarly marked. Under no circumstances should these "Perishable" parcels or bags be placed in close proximity to the heating apparatus.

(6) **Cancelling of Postage Stamps on Parcels.**—Postmasters are reminded that postage stamps on parcels should be properly cancelled. It is noted that in some instances the stamps are not cancelled or in cases where the roller hand-cancelling stamp is used the stamps are missed or very lightly touched.

The above is noted particularly in connection with parcels the contents of which are of a pliant nature such as packages containing wool, silks and other matter of a light nature.

Stamps poorly cancelled may easily be removed and illegally used a second time, resulting in a serious loss of revenue. Postmasters are therefore requested to see that the postage stamps on parcels are properly cancelled before the parcels are despatched.

(7) **Improper Packing to be brought to the Attention of Senders.**—Ordinary wrapping pape is not sufficient to protect a parcel during transmission. If a parcel is worth mailing it is worth careful preparation. In addition to using packing material to protect the contents, the parcel should be wrapped in several layers of heavy wrapping paper and well tied with strong twine for protection against ordinary handling during course of transmission.

When parcels mailed by firms are received at Post Offices, improperly packed, the attention of the firms should be directed to the matter in order that the employees responsible might exercise greater care in the future. Business firms and the general public will no doubt be glad to have such cases brought to their attention, with the result that a better service can be provided.

(8) **Supplies.**—The Equipment and Supply Branch calls the attention of Postmasters to the fact that there has been a very decided increase in the cost of supplies and equipment as compared with prices paid in pre-war years.

Great difficulty is being experienced in obtaining delivery of supplies and equipment, notwithstanding orders having been placed well in advance. This situation will necessitate economy being exercised wherever possible, and Postmasters are requested to confine all requisitions for supplies and equipment to the minimum needs of the office. No requests should be submitted for replacement of any article if such article is found serviceable.

An acute shortage is now felt throughout the service in connection with mail bags, due to textile industry being taxed to capacity with war orders. Every available mail bag should, therefore, be immediately despatched to nearest depository. Postmasters should not hold empties except for immediate requirements. The huge quantities of bags being used for despatch of parcels to our overseas forces has added greatly to the diminution of reserve supplies of bags.

(9) **Trans-Atlantic Air Mail Service.**—Following is the latest schedule issued in connection with the Trans-Atlantic air mail flights from New York, N.Y., to Lisbon, Portugal, effective November 11th, 1941.

Gift parcels for civilians in the United Kingdom MUST NOT EXCEED 5 POUNDS IN WEIGHT, or contain more than 2 pounds of any one foodstuff. This 2-pound limit does not apply as regards clothing, however.
